Music Mitzvah Project

My name is Gabe, I'm in 7th grade and this is my Mitzvah project.

Who. I will do this project with myself, and maybe some relatives.

What. I will play some historic Jewish songs that were played in the O.N.E. in the late 1800s and the early 1900s.

Where. I will post this on youtube, and the OZ website so more people can enjoy.

How. I will record myself playing the guitar and violin. Then some relatives will record themselves, and after that send them to me. I will edit them and post them on youtube.

Why. I think music spreads joy and since I'm playing Jewish music it spreads the joy of the Jewish culture.

The song I will be playing today is Hineh Ma Tov but it's a different version than what we sing. Hineh Ma Tov translates to 'how good it is to be together' and we're not together in person but its still nice to be together on Zoom.

Zev's Solar Power Project

What I'm doing: I'm making a solar panel for my chicken coop to heat and give light to my chickens inside. I am working with a nonprofit organization (CPS), and hope that together we can send instructions describing how to build a panel to other people around the world. That way people can produce clean energy at lower costs.

How it works:

What I've done so far:

How I'm making a difference: We are facing many issues in today's life but one of the biggest is climate change. I am currently building a prototype of a small solar panel and I hope to get it done in early march. Solar panels are great because they provide clean energy that helps lower carbon emissions and fights climate change.

Preschool Toy & Book Drive ~ Melina Kanarick

For my mitzvah project, I am organizing a toy and book drive.

I will be collecting the toys and books throughout the months of January and February.

The toys and books will be collected throughout Shelburne and the surrounding areas.

The toys and books collected will be donated to the preschool, Adventures in Early Learning.

Helping Steps to End Domestic Violence

Zoe

We believe that everyone has the right to live without fear of physical, emotional, sexual, or financial abuse. We provide services, support, and education to end domestic violence in our community.

DOMESTIC
VIOLENCE**

What is Steps to End Domestic Violence

Steps to End Domestic Violence is an organization that is striving to "Assist the transition to a safe, independent life for all those who have been affected physically, sexually, emotionally, or economically by domestic abuse and to promote a culture that fosters justice, equity and safety." This Quote is from there home page. The incredible women working there provide shelter and answer crisis calls.

Why

I want to help this organization because I think all people should feel they have somewhere to go and to get help when you need it.

When

I will be sending out an email to see if anyone is interested.

How

I am going to collect donations of thing STEDV needs at this time. Right now they are in need of mostly hygienic products like hair products, makeup, dental care, etc.

Where

You can contact me at smithz@bsdvt.org
